Chichen Itza is a huge pre-Columbian archaeological site built by the Mayan civilization. It is located in Yucatan State in the northern part of the Yucatan Peninsula in Mexico today. It is also one of the New Seven Wonders of the World and became a World Heritage Site in 1988. Go to the Mayan Jungle Hacienda Cenote. For lunch, you can enjoy a sumptuous buffet at the local Mexican century-old hacienda (a free lunch worth \$15, and the meal time is about 45 minutes). After lunch, walk to the Hacienda (Saamal Cenote) Cenote. Saamal Cenote is one of the largest cenotes in the Yucatan region. It provides the most considerate services and facilities to all guests who come here. The water at the bottom of the pool is turquoise, the water is rippling, and it is quiet and peaceful, which makes people feel nostalgic. In this unique tranquil and beautiful environment, you will feel relaxed and refreshed, and you will not want to leave this beautiful place. Go to the internet celebrity check-in "Suitun Tiangkeng", a thin bluestone road extends into a turquoise pool.
