DAY 1 Copenhagen → Odense → H.C. Andersen's House

HOTEL : Four star or similar

This morning, meet your driver-guide at the pre-arranged time and place and begin the journey.

Odense is Denmark's third-largest city, famous as the hometown of the world-renowned fairy-tale writer Hans Christian Andersen.

H.C. Andersen's House: Designed by Japanese architect Kengo Kuma, the museum blends fairy tales, literature and poetry, connecting the indoor spaces with the surrounding gardens. With modern interactive installations, lighting, sound and scenography, visitors can explore Andersen's creative universe and the deeper meaning behind his works. Andersen's Childhood Home: A small house on Munkemøllestræde Street where Andersen lived from age 2 to 14. The home preserves the simple living conditions of a poor family—tight space and basic furniture—offering insight into his hard childhood.

Old Town Quarter: Stroll along cobblestone lanes lined with well-preserved half-timbered houses and lovely gardens. Experience the charm of medieval Denmark—like stepping into an Andersen fairy-tale scene. The Funen Village: A large open-air museum showcasing rural life on Funen Island in the 18th–19th centuries. It is not a functioning village; instead, around 30 original buildings from across Funen—farmhouses, workshops, windmills and watermills—were relocated here and reconstructed.

DAY 2 Odense → Billund → LEGOLAND® (B)

HOTEL : Four star or similar

Billund is one of Denmark's world-famous family destinations, known as the “LEGO wonder city.” LEGOLAND®: The world's first LEGO theme park, built with over 80 million LEGO bricks and offering 45 attractions. Popular highlights include roller coasters, LEGO Ferrari experiences, and Miniland made from 20 million bricks.

New Highlights:

Pirate Lagoon: A new interactive play area added in 2025. Climb aboard a giant pirate ship, hunt for hidden treasure, and immerse yourself in a sea-monster battle scene.

Mini land: In 2025, a miniature landscape of Aarhus (Denmark's second-largest city) was added. Built with 2.5 million bricks, it features seven landmarks such as Aarhus Cathedral, City Hall and the modern “Iceberg” building. LEGO House: The ultimate pilgrimage for LEGO fans—an interactive experience center showcasing limitless creativity. Designed by architect Bjarke Ingels, the building looks like 21 giant stacked bricks. Inside are 25 million LEGO bricks, with four core experience zones by color: Creativity (Red), Cognitive (Blue), Social (Green) and Emotional (Yellow).

LEGO House – New Highlights:

LEGO Master Academy: Officially opened on Sep 17, 2025. Inspired by the TV show *LEGO Masters*, it offers four levels of interactive classes—from family fun to master-level skills—guided by professional builders.

Masterpiece Gallery – New Exhibition: Opened on Sep 26, 2025, featuring works by 17 exhibitors from 12 countries/regions—the largest exhibition in the gallery's history. Displays include huge sculptures, wearable dresses, intricate mosaic art, imaginative scene models and kinetic artworks.

DAY 3 Billund → Esbjerg → Ribe → Kolding → Vejle (B)

HOTEL : Four star or similar

Esbjerg is a beautiful coastal town on the Jutland Peninsula, known for its scenic harbor, modern sculptures and natural landscapes.

Esbjerg Performing Arts Centre: One of Denmark's key cultural venues, hosting 100 events annually including concerts, theatre, stand-up, musicals and opera.

Men at Sea Sculpture: An iconic group of large white sculptures along the waterfront—four 9-meter-tall figures facing the sea. A spectacular sight symbolizing the meeting of humankind and nature.

Fisheries & Maritime Museum: Learn about local fishing history, maritime culture and North Sea marine life. Includes an aquarium and a seal sanctuary.

Ribe is one of the oldest towns in Denmark and Scandinavia, with a history dating back to the early 8th-century Viking Age.

Ribe Cathedral: Denmark's oldest cathedral and the only remaining five-aisled cathedral. Its grand appearance carries significant historical and architectural value.

Bürger Tower: Funded by the citizens of Ribe. Climb 248 steps to enjoy panoramic views of the old town and the spectacular Wadden Sea National Park.

Ribe Viking Center: An open-air history museum recreating Viking life, with buildings, craft demonstrations and interactive experiences.

Wadden Sea Centre: Designed by renowned architect Dorte Mandrup with a traditional thatched facade. Award-winning architecture, featuring tide information, bird migration exhibits, guided interpretation and more.

Kolding is a distinctive town in eastern Jutland, blending rich history with a forward-looking design vibe.

Koldinghus Castle: The last royal castle on the Jutland Peninsula, with 750 years of history. It houses a museum with Romanesque and Gothic church artifacts, Danish paintings, royal jewelry, silverware and ceramics.

Trapholt Museum: Showcasing chair designs by Danish architectural and design master Arne Jacobsen, known as the “father of modern Danish design.”

DAY 4 Vejle → Roskilde → Copenhagen (B)

Vejle is a coastal city that combines fjord scenery, modern architecture and Viking history.

The Wave: Vejle's most iconic modern building, designed by Henning Larsen Architects. Its five wave-shaped forms are inspired by the rolling waves of Vejle Fjord and the surrounding hills, and it has won multiple international architecture awards. Fjordenhus: Located at Vejle Harbor and designed by Icelandic-Danish artist Olafur Eliasson. The building blurs the boundaries between art, sculpture and architecture. It features four distinctive cylindrical towers rising from the water (about 28 m tall), inspired by ancient castle walls and built with nearly one million handmade bricks.

Gourmet Art Experience: Michelin 1-star restaurant LYST, located inside Fjordenhus. The dining experience blends refined elegance with sensory flavors. Its philosophy emphasizes sustainability and carefully selected fresh ingredients, using seasonal produce sourced within 100 km to craft an approximately 20-course tasting menu.

Roskilde is one of Denmark's oldest cities, famous for its Viking history and the large Roskilde music festival. Roskilde Cathedral: Known for its distinctive Gothic red-brick architecture and as the royal burial church of Denmark. Listed as a UNESCO World Heritage Site in 1995. Since the 15th century, more than 40 Danish kings and queens have been buried here—one site with the largest collection of complete royal tombs in the world. Viking Ship Museum: The main exhibits are five Viking ship remains discovered and salvaged from Roskilde Fjord in 1962. The ships were deliberately sunk about 1,000 years ago to block enemy invasions. Visitors can also watch craftsmen build Viking ship replicas using traditional methods such as axe-hewing oak—showcasing exceptional Viking shipbuilding skills.

Arrive back in Copenhagen in the early evening. Your driver-guide will drop you off at the agreed location. Tour ends.

What's Included?

5–9-seat business van + 4-star hotels with breakfast + professional driver-guide (10 hours/day); includes driver's meals & accommodation, fuel and parking. Door-to-door pick-up & drop-off for joining/leaving the tour (city centre only).

What's not Included?

Airfare & visas; lunch and dinner; attraction tickets; driver-guide tips (EUR10 per person per day).

Themed activities (e.g., winery visits, truffle hunting), other transport (trains/boats), city taxes, insurance, and driver-guide overtime (EUR 50 per hour).
