★Lake Louise - Study the elegant legacy of the Edward VII era. ★Banff Sulphur Mountain Gondola (Optional) - Brings you straight to the peak of [Sulphur Mountain]. ★Bow Fall - Where the well-known scene in “River of No Return” was filmed. ★Hoodoos - Meaning “devils” in the Indigenous language and are regions where the “devils” appear. ★Surprise Corner - A spectacular viewpoint of the town. ★Sulphur Mountain - A marvellous place to take a panorama picture of the town of Banff or to simply enjoy the magnificent alps. ★Banff Town - Stroll around the little town to relax from the quick-paced cities, feel the peace and silence brought by nature

DAY 3 Banff - Icefield - Jasper (Mandatory Breakfast) HOTEL : Mt. Robson Inn or Tonquin Inn or Ramada Hinton or similar

★Castle Mountain - as its name suggests, the mountains have unique castle-like character. These palatial cliffs leave unforgettable memories with its majestic appearance. ★Peyto Lake - The extraordinary beauty of the lake would lead one to question if the scene had been drawn out of a fine painting. The calm teal waters of the lake fended by the grand Rockies are like a goddess guarded by her steady nights. ★Crowfoot Glacier - Acquired such name from the crowfoot-like glacial markings on the side of the rock face formed by attrition of the glaciers above. ★Columbia Icefield (Optional) - Glacial ice bounded by mountains appear to emit an icy blue glow on a sunny day due to the sunrays unable to penetrate through the dense ice. ★Skybridge (Optional) - A challenge issued to your sense of heights with a clear glass bridge extending out to the side of the cliff. Walk out on the glass and imagine yourself floating on air thousands of meters above ground. ★Athabasca Falls - Known as the most heart-stopping water fall in the Rockies.

DAY 4 Jasper - Yoho (Mandatory Breakfast) HOTEL : Lake Louise Inn or Mountaineer Lodge or similar

★Maligne Lake - The largest glacial lake in the national parks of Canada, and the largest within Canada, also the world’s second largest glacial lake. ★Maligne Canyon - Longest, deepest, and the most magnificent canyon around the Rockies. Distinctive karst topography is a result of the upstream Maligne Lake water dissolving carbonate bedrock rocks. ★Crowfoot Glacier - Acquired such name from the crowfoot-like glacial markings on the side of the rock face formed by attrition of the glaciers above. ★Bow Lake - Glittering river water appears blue as it is a glacial lake. Stroll around and allow the refreshing air to calm your mind and body from the bustling cities.

DAY 5 Yoho - Calgary (Mandatory Breakfast) DAY 6 Calgary - Waterton (Mandatory Breakfast)

★Moraine Lake - Famous for the stunning images it gives with its sapphire blue surface with a well balance of warmth in the water. ★Natural Bridge - Softer rocks are corroded away by the river faster than the firmer ones forming a bridge structure. ★Emerald Lake - Panoramic view of the peaks bordering the lake and the particular gem-like color of the lake making it a popular attraction. ★Valley of the Ten Peaks - Peaks over 3000 meters tall mount on the center of the lake displaying its elegance. ★Johnston Canyon - Summer stream rushes over the edge of the cliff straight down to the heart of the heart of Earth, while frozen water fall in the winter gives a thrilling vibe sending chills up the spine. ★Spiral Tunnel - Penetrate the heart of the mountains and is a creation of two years of constructions. ★Lake Louise Sightseeing Gondola (Optional) - Enliven your body and soul in the aura of the Rockies and its lakes.

HOTEL : DoubleTreeby Hilton or Holiday Inn or similar

★Prince of Wales Hotel - Striking full wood architecture constructed during 1927. Appointed as a national historic site the year of 1995. ★Red Rock Canyon - Scenic place with vivid rock colours resulting from the iron mineral in the rocks oxidate as they are exposed to the atmosphere. ★Cameron Falls - A must-see attraction of a waterfall seems as if descending a set of staircases. ★Bison Paddock - Get an up-close look at the massive species that once roamed the Americas and were brought close to extinction by humans. ★Waterton Lake National Park - The Canadian Waterton Lake National Park and the American Montana Glacier National Park is declared the world’s first International Peace Park.
